- Led end-to-end product development from idea, design, development to deployment.

SOFT SKILLS

- Problem Solving
- Adaptability
- Product Management
- Team Collaboration
- Communication
- UI/UX Thinking
- Quick Learner

PROFFESIONAL SUMMARY

Full Stack Developer with hands-on experience in building web and mobile applications using React, React Native, Node.js, Express.js, and MongoDB. I enjoy turning ideas into real products, solving practical problems, and continuously improving my technical skills. I'm eager to contribute to a team where I can learn, take ownership, and build software that creates real value.

INTERNSHIP EXPERIENCE

Full Stack Developer Intern

ARK Systems Pvt. Ltd. | May 2026 – July 2026

- Developed and maintained responsive web applications using React.js, Node.js, Express.js, and MongoDB.
- Built RESTful APIs and integrated frontend applications with backend services.

FEATURED PROJECTS

MR Bites | React Native, Node.js, Express.js, MongoDB, AWS

- Built a campus food pre-ordering platform with real-time order management and vendor dashboard.
- Published on Google Play Store and Apple App Store with production deployment.
- Secured ₹80,000 startup funding from Manav Rachna University.
- Live: Website: <https://mrbites.in> | App Store | Play Store

OneSTOP | React Native, Next.js, Node.js, MongoDB

- Developed a university workflow automation platform for request management and approvals.
- Built student mobile app, admin dashboard, REST APIs, and email notification system.
- Designed for students, faculty, and university administration.

ARK Kidoid – Masti Ki Paathshaala | React Native, Node.js, Firebase

- Developed and maintained the official mobile application for Masti Ki Paathshaala, enabling parents to track student activities, attendance, progress, and class updates in real time.
- Successfully published and maintained production updates on the Google Play Store and Apple App Store.
- Live: <https://www.mastikipaathshaala.org>

Indian Sacred Roots | Next.js, React, Node.js, MongoDB

- Developed a comprehensive web platform showcasing India's temples, pilgrimage sites, and cultural heritage.
- Built searchable temple listings with detailed information, images, locations, and historical significance.
- Designed a responsive, SEO-friendly interface to promote digital access to India's spiritual and historical landmarks.
- Live: <https://indiansacredroots.com>
